Time requirements

All forms of study

Activities	Time requirements for activity [h]
Preparation for comprehensive test (10-40)	40
Preparation for formative assessments (2-20)	15
Contact hours	52
Total:	107

assessment methods

Knowledge - knowledge achieved by taking this course are verified by the following means:

Test

test

Skills - skills achieved by taking this course are verified by the following means:

Skills demonstration during practicum

Competences - competence achieved by taking this course are verified by the following means:

Test

prerequisite

Knowledge - students are expected to possess the following knowledge before the course commences to finish it successfully:

Žádné

Skills - students are expected to possess the following skills before the course commences to finish it successfully:

none at all

Competences - students are expected to possess the following competences before the course commences to finish it successfully:

N/A

teaching methods

Knowledge - the following training methods are used to achieve the required knowledge:

Practicum

Multimedia supported teaching

Individual study

Skills - the following training methods are used to achieve the required skills:

Practicum
 Collaborative instruction
 Discussion
 Individual study

Competences - the following training methods are used to achieve the required competences:

Seminar
 Multimedia supported teaching
 Collaborative instruction
 Individual study
 Students' portfolio
