

Course description

Course abbreviation:	KKS/EXKP	Page:	1 / 2
Course name:	Excursion for Professional Bachelor's		
Academic Year:	2023/2024	Printed:	03.06.2024 07:24

Department/Unit /	KKS / EXKP			Academic Year	2023/2024
Title	Excursion for Professional Bachelor's			Type of completion	Pre-Exam Credit
Long Title	Excursion for Professional Bachelor's degree students				
Accredited/Credits	Yes, 2 Cred.			Type of completion	Combined
Number of hours					
Occ/max	Status A	Status B	Status C	Course credit prior to	NO
Summer semester	0 / -	0 / -	0 / -	Counted into average	NO
Winter semester	0 / -	0 / -	0 / -	Min. (B+C) students	5
Timetable	Yes			Repeated registration	YES
Language of instruction	Czech			Semester taught	Summer semester
Optional course	Yes			Internship duration	0
Evaluation scale	S N				
No. of hours of on-premise					
Auto acc. of credit	Yes in the case of a previous evaluation 4 nebo nic.				
Periodicity	K				
Substituted course	None				
Preclusive courses	N/A				
Prerequisite courses	N/A				
Informally recommended courses	N/A				
Courses depending on this Course	N/A				

Course objectives:

Students enrolled in this course will be visited by (selected) automotive technology companies. Students will be acquainted with the structure, content of the program, production and handling technique in the production process.

Requirements on student

Come at the specified time and date for absolving the excursion. Be suitably dressed (eg: sturdy shoes, long pants, headgear, etc.), due to visiting the production premises of the company.

Content

The content of each excursion is determined by the production program of the visited companies. Excursions are selected each year according to specific KKS agreements with manufacturing companies.

Fields of study

Guarantors and lecturers

- **Guarantors:** Doc. Ing. Josef Formánek, Ph.D. (100%)

Literature

- **Recommended:** *Literatura je ve formě odborných informací podle tématu navštívených firem..*

Time requirements

All forms of study

Activities	Time requirements for activity [h]
Presentation preparation (report) (1-10)	10
Attendance on a field trip (number of real hours - maximum 8h/day)	40
Total:	50

assessment methods

Knowledge - knowledge achieved by taking this course are verified by the following means:

Individual presentation at a seminar

Skills - skills achieved by taking this course are verified by the following means:

Self-evaluation

Competences - competence achieved by taking this course are verified by the following means:

Self-evaluation

prerequisite

Knowledge - students are expected to possess the following knowledge before the course commences to finish it successfully:

Prerequisites and co-requisites Knowledge in the range of previous university study is expected.

Skills - students are expected to possess the following skills before the course commences to finish it successfully:

Basic knowledge of work safety, movement and behavior in the technical operation of the manufacturing plant.

Competences - students are expected to possess the following competences before the course commences to finish it successfully:

N/A

teaching methods

Knowledge - the following training methods are used to achieve the required knowledge:

Field trip

Skills - the following training methods are used to achieve the required skills:

Field trip

Competences - the following training methods are used to achieve the required competences:

Discussion

learning outcomes

Knowledge - knowledge resulting from the course:

In the form of familiarization with the operation of "manufacturing" enterprise and its equipment.

Skills - skills resulting from the course:

Acquisition of general knowledge of production processes in selected companies.

Competences - competences resulting from the course:

N/A

Course is included in study programmes:

Study Programme	Type of	Form of	Branch	Stage	St. plan v.	Year	Block	Status	R.year	R.
