- **Recommended:** *Zákon č. 480/2004 Sb., o některých službách informační společnosti.*
- **Recommended:** *Zákon č. 89/2012 Sb., občanský zákoník.*

## Time requirements

### All forms of study

Activities	Time requirements for activity [h]
Preparation for an examination (30-60)	52
Contact hours	26

Total:

78

**assessment methods****Knowledge - knowledge achieved by taking this course are verified by the following means:**

Oral exam  
Written exam  
Test  
Seminar work

**Skills - skills achieved by taking this course are verified by the following means:**

Oral exam  
Written exam  
Test  
Seminar work

**Competences - competence achieved by taking this course are verified by the following means:**

Oral exam  
Written exam  
Test  
Seminar work

**prerequisite****Knowledge - students are expected to possess the following knowledge before the course commences to finish it successfully:**

It is advisable that the student to have completed or at least enrolled in the course Labor Law I.

**Skills - students are expected to possess the following skills before the course commences to finish it successfully:**

express clearly and understandably in spoken and written language; to present himself in a suitable way in front of a known or unknown audience; to use professional language; to make hypotheses, to propose solution, to use different methods to solve the problems

**Competences - students are expected to possess the following competences before the course commences to finish it successfully:**

N/A  
N/A  
N/A  
N/A

**teaching methods****Knowledge - the following training methods are used to achieve the required knowledge:**

Lecture with visual aids  
Individual study  
Self-study of literature

**Skills - the following training methods are used to achieve the required skills:**

Lecture with visual aids  
Individual study  
Self-study of literature

**Competences - the following training methods are used to achieve the required competences:**

Lecture with visual aids  
Individual study

Self-study of literature

**learning outcomes****Knowledge - knowledge resulting from the course:**

- analyze and, according to the legislation on the protection of personal data, solve basic typified cases of personal data processing (selection procedures, camera systems, offers of goods and services, GPS tracking, etc.)

**Skills - skills resulting from the course:**

- analyze and, according to the legislation on the protection of personal data, solve basic typified cases of personal data processing (selection procedures, camera systems, offers of goods and services, GPS tracking, etc.).

**Competences - competences resulting from the course:**

N/A
